& Analysis**

Implementation

Solution Oriented

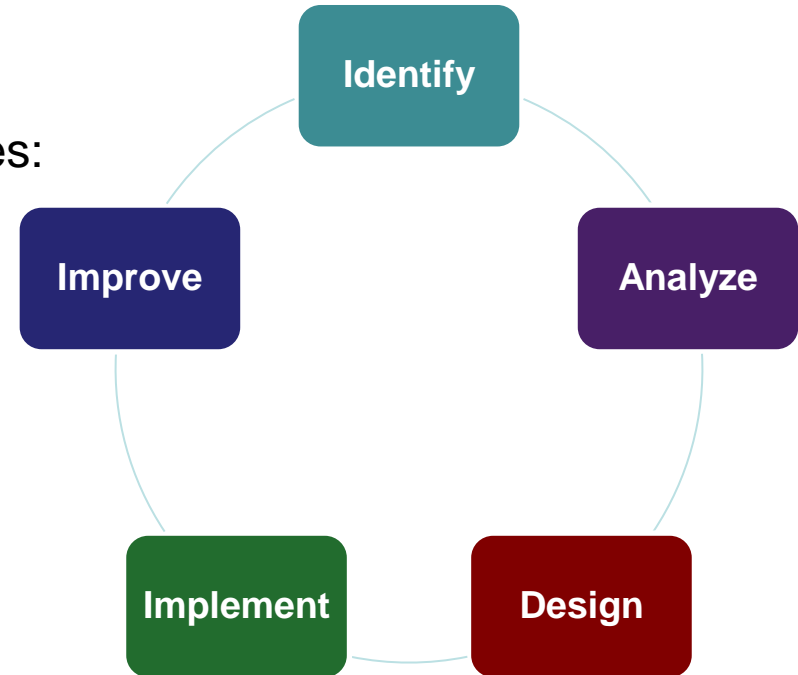

Supporting the Warfighter Through Innovation

Accomplish dramatic improvements in performance by incorporating best practices:

- Lean Six Sigma
- Business Process Reengineering

- **Radical new thinking**
- **Superior solutions**
- **More efficient cost**

*The fundamental steps of **Identify, Analyze, Design, Implement, and Improve** combined with collaborative tools, continual improvement and a skilled workforce differentiate Cydecor from the competition in both cost and performance.*
